Dear Technology and Information System Team,

"The servant leader is servant first. It begins with the natural feeling that one wants to serve." Robert K. Greenleaf I am a proud employee of Conroe ISD. The mission incorporating "All means ALL" has left a deep impression, permeating everything I do. Being part of a district that commits to serving others first naturally leads others to aspire to serve more.

"..a leader [is] anyone who takes responsibility for finding the potential in people and processes." Brene Brown In my current position as a District Instructional Technology Coach, nothing brings more joy than to support others in achieving goals. I possess the courage to build genuine relationships with others easily, and view the world through the lens of endless possibilities and limitless opportunities. This positive, growth mindset has served me well, as conflict and mistakes are an inevitable part of the process of learning, growing, and refining.

Thanks largely in part to the continuous opportunities to grow leadership skills provided by Conroe ISD, I am confident in my abilities to facilitate growth in others. Collaboration is key as all members work together, drawing upon individual strengths and abilities to collectively achieve and support District, Department, and School efforts. I am able to process and share learning and information effectively to build other's capacity in a way that promotes competence and confidence.

Provided the opportunity to use my skills and talents to serve Conroe ISD in the role of Technology Specialist, "All means ALL" would remain prominent in a continuous journey of growth and service to others in a district dedicated to serving the community so well.

Thank you for your consideration,

Kathryn Beauchene
